ABOUT US

Founded in 1993 and ranked among the top companies in the custom electronics industry, Channel Vision Technology is a leading manufacturer of innovative technology products in Home Automation, Surveillance Systems, Structured Wiring, Home Intercom Systems, IR Remote Control and Audio Distribution for both residential and commercial applications.

Our broad-range of electronic solutions are designed to provide lifestyle enhancements for residents, while equipping homes and businesses for greater safety, convenience and entertainment.

MARKET'S SERVED

MDU (Multi-Dwelling Units)

- RF & Video Distribution
- Structured Wiring
- Audio Distribution
- Intercom Systems

Commercial Buildings

- Camera Surveillance
- Audio Distribution
- Structured Wiring

New Home Construction

- RF & Video Distribution
- Audio Distribution
- IR System Control
- Structured Wiring
- Intercom System
- Camera Surveillance

SERVICES

20-Year Certified Extended Warranty Program

- Includes all passive Structured Wiring in certified installs
- Confidently design, trouble-shoot & certify systems
- Free CEU certification courses
- Efficient installs, higher profits & added value
- Become a Certified Installation Specialist & receive referral leads, marketing support & special promotions

Channel Vision 5 Star Program

- 24/7/365 technical support
- 1/10/20 year warranties
- Free panel design & system layout
- Custom manufacturing
- CEDIA, BISCSI & NBFSA approved trainings with continuing education credit

Builder Advantage Program

- Well-connected home marketing
- Model home and showroom display discounts
- Large selection available with pre-packaged systems

DEALER PROGRAMS

At Channel Vision, we always have our dealers bottom line in mind. All of our dealer programs are designed to make doing business with Channel Vision as simple and profitable as possible. Channel Vision is the best in the industry at accomodating our dealers needs and we have the programs to provide it.

TRADE UP YOUR TECHNOLOGY

- Enjoy a 30% trade in discount on the next-generation product upgrade
- No time lines to conform to an upgrade
- Product can be working or in non-working condition
- Our entire line of products are eligible (hard-drives excluded)

Custom Panel Design Services

- Channel Vision's technical team will design a custom solution for your project
- We provide a CAD drawing together with a recommended parts list
- Save time, resources and money

Model Home Discount Program

- Install our technology in a home development and we discount the products
- Exclusive program for all authorized Channel Vision dealers
- Discounts on wall plates, connectors & structured wiring products

Showroom Demo Discount

- Exclusive program for all authorized Channel Vision dealers
- Demonstration discounts for your showroom

STRUCTURED WIRING

Structured wiring systems by Channel Vision feature modular connected home wiring systems and components that are easy to install and upgrade. Commercial and residential wiring has never been easier with components that effortlessly snap into place.

FEATURES AND BENEFITS

- One of the largest selections of structured wiring enclosures on the market
- Push-and-Lock Modules for cameras, video, voice, data, power, fiber optics, audio and communication
- Solid steel construction with a pure white powder coated finish.

HOME INTERCOM SYSTEMS

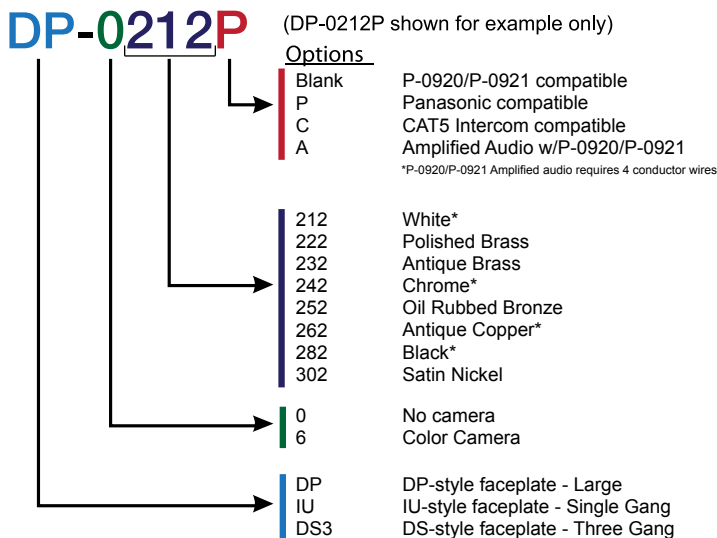

Channel Vision's Home Intercom System provides direct room-to-room communication and a variety of features not offered by other systems - including a remote control for hands-free calls making whole-house communication from anywhere in the room convenient.

FEATURES AND BENEFITS

- High quality door stations are made from 1/4" solid brass providing a luxurious addition to any front door or access point.
- Provides 2-way conversation between front door intercom and every telephone in the house. Simply pick up the phone and begin speaking to the person at the front door.
- By adding a camera, you're able to see and speak to visitors before allowing them into your home.
- Call forwarding module allows you to answer the intercom from your cell phone or office.

UNDERSTANDING THE MODEL NUMBERS

Part numbering: DP, IU, and DS3 door plates

*Not Available in DS3 Series

AVAILABLE FINISHES

FRONT DOOR INTERCOM SET-UP

The P-0921 provides communication between two different Channel Vision door intercoms and any phone in the house. When a visitor presses the doorbell button, the phone in the house will respond with a distinctive ring. The homeowner can then speak to the visitor by answering any of the ringing phones in the house.

- Built-in door strike relay
- Doorbell chime output
- Paging through audio system
- Automatic triggering relay

CAT5 INTERCOM SET-UP

- Up to 2 doors and 22 stations
- IR remote control of room stations
- Modes - Monitor, DND, and privacy
- Hands-free communication
- Paging through the whole-house, specific room or audio system
- Single CAT5 wire to each station

FRONT DOOR STATIONS

DP Series Intercom

- 1/4" Solid Brass
- Available in 8 different finishes
- Surface mount box included
- Flush mount use DP-RBoxIII

IU Series Intercom

- 1/4" Solid Brass
- Hidden camera option available
- Fits into a single gang box (included)

DS3 Series Intercom

- 8 code memory
- Tamper resistant
- Built-in relay
- Fits into 3 gang box (not included)

DS-Keypad Access Control

- 8 code access control
- N/O and N/C relay
- Stainless steel face plate

FRONT DOOR STATION ACCESSORIES

DP Series Flush Mount Box

DP-Rbox-III

- Compatible with all DP Front Door Intercom Stations

DP Series Surface Mount Box

DP-9001 Black / DP-9002 White

- Compatible with all DP Front Door Intercom Stations

NEW Intercom Amplifier Kit

TE-AMP

- On-site upgrade for existing DP and IU Series Front Door Intercoms
- P-0920 or P-0921 intercoms

FRONT DOOR INTERCOM CONTROLLERS

1-Door Telephone Intercom Controller

P-0920

- Provides 2-way conversation between front door intercom speaker and every telephone in the house. Simply pick up the phone to begin speaking to the visitor
- Gate strike relay use TE-110DS

2-Door Telephone Intercom Controller

P-0921

- Provides 2-way conversation between two door intercoms and every telephone in the house.
- Two distinctive ring tones when door station is pushed
- Paging through speaker systems

NEW Economy Front Door Intercom Controller

TE-111

- Provides 2-way conversation between front door intercom speaker and every telephone in the house.
- Active phone line required

Door Strike Relay

TE-110DS

- For use with Channel Vision's P-0920, P-0921 or TE-111
- Mounts in a single gang electrical box (not included)
- 12VDC, normally open circuit only

FRONT DOOR INTERCOM KITS

Front Door Intercom Kit

TE-0212 (White) / TE-0282 (Black)

- Kit Includes:
- Front Door Intercom
 - P-0920 Intercom Controller

NEW Front Door Intercom Kit

TE-0252

- TE-0252 Kit Includes:
- IU-0252 Oil Rubbed Bronze Front Door Intercom
 - TE-111 Intercom Controller

Home Intercom Paging Module

P-0925

Channel Vision's Paging Module allows the P-0920/P-0921 to provide an audio output that may be connected to the paging input of the whole house amplifier.

CAT5 INTERCOM SYSTEM

Intercom Station

ST-3000

The Room Intercom Station enables communication directly between rooms, the front door or the entire house.

- Rooms with customized names
- Proxy sensor lights up keypad when near screen
- Hands free communication
- Fits into standard 2 gang box (not included)

Home Intercom System CAT5e Hub

P-0930

The Channel Vision Home Intercom System consists of two basic components: P-0930 Intercom CAT5e Hub and ST-3000 Intercom Station. The system can be expanded through the use of additional Home Intercom System CAT5e Hubs and up to 24 home intercom stations.

CAT5 INTERCOM SYSTEM KIT

Home Intercom System Kit

ST-0935

Channel Vision's Home Intercom System Kit provides direct room-to-room communication and a variety of features not offered by other systems – including a remote control for hands-free calls making whole-house communication from anywhere in the room a snap! The P-0930 Home Intercom Hub can easily be mounted in our structured wiring enclosure and connects to all Home Intercom Stations and Front Door Intercom units with a CAT5e connection. The number of rooms you can communicate with is expandable up to twenty-four (24) intercom stations.

Includes:

- 4 Interior Stations (ST-3000)
- 1 Remote (A0503)
- 1 Home Intercom Hub (P-0930)

CAT5 INTERCOM SYSTEM ACCESSORIES

Outbound Call Forwarding Module

P-0933

- Answer the door from any remote phone number
- Activate the door strike from your cell phone
- Program up to 3 outgoing phone numbers
- For use with P-0930 hub

Home Intercom Station Expander

ST-3100

- Attaches to ST-3000 when expanding the home intercom system
- Provides direct call buttons for 6 additional rooms
- Up to 3 ST-3100 Expanders can be used with 1 ST-3000 (for a total of 24 Stations)

Intercom System Remote Control

A0503

Master remote for Channel Vision's home intercom system. easily controls your home intercom system.

- No programming necessary
- Compatible with: P-0930, ST-2000 and ST-3000

Home Intercom Door Strike Module

ST-C5IDS

The ST-C5IDS is a relay module that provides a contact closure whenever it is activated by the ST-3000 Intercom Station. The contact closure can be used to activate an electronic door strike mechanism or gate opener. This allows the homeowner to answer the door from any intercom station in the house and provide the ability to unlock the door or gate with the press of a button.

- Compatible with ST-2000 & ST-3000 Home Intercom Stations
- Relay settings for N.O. and N.C. Operation
- Variable relay times

SURVEILLANCE SOLUTIONS

Channel Vision offers professional surveillance systems including megapixel IP cameras, hi-resolution analog cameras, network video recorders (NVR), digital video recorders (DVR) and web servers.

FEATURES AND BENEFITS

- Channel Vision's IP cameras, web servers and NVRs allow you to monitor from anywhere in the world using an internet browser or Channel Vision's smartphone application.
- With superior image resolution and IR LEDs for night viewing, images can be viewed live, captured, recorded and sent by email.

ENTERTAINMENT

Crank up the volume! ARIA multi-room audio distribution delivers powerful room amplification. Combine it with our audio/video matrix for complete control of the system from any room. Choose your wiring options from traditional speakers with control wire, CAT5 or wireless, we have a solution for your listening pleasure. Channel Vision's ARIA speakers include a full line of in-ceiling, in-wall, outdoor and a full line of builder series speakers - all finely crafted to provide high quality sound throughout the Well-Connected Home™.

FEATURES AND BENEFITS

- Up to four different sources can be played in 16 different zones simultaneously, perfect for families with a variety of listening interest
- On-wall iPod docks over CAT5 allow you to listen, charge and control your iPod music and video from any room in your home or business
- In-ceiling, in-wall and outdoor speakers feature high power handling capability providing true stereo sound quality, not simply background music
- IR Repeater Systems provide single room and multi-room control over existing TV coax or CAT5 wire

ARIA™ WIRING DIAGRAM

- 4 AV sources to 6 zones
- Expands to 18 zones with 3 units
- All inclusive matrix and amplifier system
- Drivers available for:

ARIA AUDIO/VIDEO KITS

Six-Zone Audio Kit

A-KIT 1 / A-KIT 2 Includes 6 Pairs of Speakers

- 1 each: Multi-Room A/V Matrix (A4603)
- 1 each: Power Amplifier (A1260)
- 6 each: A/V Interconnects
- 4 each: IR emitter (IR-3002)
- 6 each: Keypads (A0127)
- 1 each: Remote Control
- Available in Ivory/Almond (A-KIT 11A / A-KIT 21A)

ARIA AUDIO DISTRIBUTION

ARIA Multi-Zone Audio Amplifier

A1260 / A1260R

- 12-channel amplifier
- (17" component style)
- Also available in a 3-rack units high 19", rack mount version (A1260R)
- 120 watts per zone, class A/B amp
- Each zone may be switched between the global input and the local input

ARIA 4 Input 6 Zone Matrix AV Controller

A4603 / A4603R

- IR Remote control and RS-232 Serial Control for Touch Screens
- Pre-amp Outputs are a perfect match for the A1260 Amplifier
- Expandable to 18 zones

ARIA 4 Input 6 Zone Matrix & Amplifier

A4623 / A4623R

- Built-in Amplifiers: 40 watts per zone
- Pre-amp outputs for adding more amplification
- IR and Serial Control
- Expandable to 18 zones

ARIA VOLUME CONTROL

ARIA Multi-Source Volume Control

A0127

- Volume Control for the A4603 and A4623 matrix products
- 4 source selection customizable buttons
- Integrated IR Repeating system

Impedance Matching Volume Control

VC-302

- 300 watts peak, 100 watts RMS per channel
- Impedance matching up to 8 pairs of speakers

VC-302 Accessory Kit

VC-31V / VC-3AL

- Color kit for VC-302 impedance matching volume control
- Available in Ivory VC-31V
- Available in Almond VC-3AL

ARIA IPOD DOCKS

ARIA On-Wall Dock for iPod®

A0316

- RS-232 interface for automation systems and album art
- Keeps the iPod charged
- Allows viewing of iPod videos on a TV
- Integrated IR Control Repeating system

NEW On-Wall Dock Station for iPad®

A0602 White / A0604 Black

- The perfect companion for Automation Systems
- iPad is always charged and always right where you left it
- Lighting or 30 pin
- Hinged door allows the iPad Gen 2 and 3 to be removed
- 3 Gang J Box required

ARIA ACCESSORIES

A-BUS WIRING DIAGRAM

- 4 sources input of RCA or CAT5
- 4 zones, expandable to 16
- 300ft. CAT5 wiring to each keypad amp
- Control source equipment with IR
- Ability to integrate a local source override with an iPod dock or alternative source

A-BUS AUDIO/VIDEO KITS

A-BUS 1 Source 4 Zone Complete Audio Kit
 AB-902 / AB-901 Includes 4 Pairs of Speakers

- 4 each: Amplified Keypad (AB-134)
- 1 each: Single Source Module (AB-203)
- 1 each: 4-Zone Distribution (AB-404) w/power
- 1 each: Remote Control (A0505)
- 2 each: Dual IR Flasher (IR-3002)
- Available in Ivory/Almond (AB-901IA/AB-902IA)

A-BUS 4 Source 4 Zone Audio Kit
 AB-904

- 1 each: 4 Source, 4 Room ABUS Matrix (P-1044)
- 4 each: 4 Source Amplified Keypad (AB-134)
- 4 each: Single Head IR Emitter (IR-3001)
- 1 each: Remote Control (A0505)
- 1 each: Punch Down Tool (J-110 Tool)
- Available in Ivory/Almond (AB-904IA)

A-BUS AUDIO DISTRIBUTION

A-BUS Single-Source Distribution Module
 AB-203

- Single CAT5 output for audio distribution with AB-404
- 2 IR emitter outputs for control of audio equipment

A-BUS 1 Input 2 Zone Audio Distribution
 AB-402

- Local and CAT5 source input
- 2 zones, Power and IR
- *Requires 2 gang box

A-BUS Panel Distribution Module
 AB-404

- Accepts source from AB-203 or AB-301 and distributes to 4 zones
- Expansion to an unlimited number of zones
- *Requires power supply AB-T2454

A-BUS 1 Input 4 Zone Audio Distribution
 P-1014

- Local and system audio inputs with selectable priority
- Expansion to an unlimited number of zones

A-BUS 4 Input 4 Zone Audio Matrix
 P-1044

- Expandable to 16 zones

A-BUS VOLUME CONTROL

A-BUS Multi-Source Volume Control
 AB-134W

- High output class D amp design
- Remote or local push-button control
- Back-lit keypad with blue LED indicators

A-BUS Low Cost Volume Control
 AB-135W

- High output class D amp design
- Back-lit keypad with green LED indicators

A-BUS ACCESSORIES

A-BUS Local Source Module
 AB-301

A-BUS Local Source Bluetooth Module
 AB-303

A-BUS IPOD DOCKS

A-BUS On-Wall Dock for iPod
 AB-315

- Compatible with all A-BUS Audio Systems
- Charges iPod

CRESCENDO™ WIRING DIAGRAM

CRESCENDO™ AUDIO/VIDEO KITS

CRESCENDO™ Room Kit

A0910

- 1 each: 80 Watt Class D Amplifier (A0240)
- 1 each: Speaker to Line Level Converter (A0302)
- 1 each: CAT5 Audio System Keypad (A0125)

CRESCENDO™ Room Kit

A0912

- 4 each: 80 Watt Class D Amplifier (A0240)
- 4 each: Speaker to Line Level Converter (A0302)
- 4 each: CAT5 Audio System Keypad (A0125)
- 2 each: IR emitter (IR-3002)
- 1 each: 1-Source x 4-Zone Audio Hub (P-2014)

CRESCENDO™ Room Kit

A0914

- 1 each: 4x4 Matrix Distribution Hub
- 4 each: 80 Watt Class D Amplifier (A0240)
- 4 each: Speaker to Line Level Converter (A0302)
- 4 each: CAT5 Audio System Keypad (A0125)
- 4 each: IR emitter (IR-3001)
- 1 each: 4-Source x 4-Zone Audio Hub (P-2044)

CRESCENDO™ On-Wall Dock Single Room Kit

A0915

- iBus Wall Dock for iPod - A0315
- 100W Amplifier - A0350
- Keypad Controller - A0129
- In-Ceiling Speakers (one pair) - IC608

CRESCENDO™ AUDIO DISTRIBUTION

CRESCENDO™ 80w Class D Amplifier

A0240

- 80 Watt amplifier
- Audio-sensing power shut-off to conserve energy

CRESCENDO™ Audio Subwoofer Connection

A0302

- Provides line-level output for re-amplification
- Sub mode allows a subwoofer to be added to an audio system

CRESCENDO™ 100 Watt Flush Mount Amplifier

A0350

- Pre-amp audio outputs for powered subwoofer
- Local audio input
- Power saving audio sensed circuit
- Multi-Room amp with P-2014 or a P-2044

CRESCENDO™ 4 Input 4 Zone Audio Matrix

P-2044

- Expandable to 16 zones

CRESCENDO™ 1 Input 4 Zone Distribution

P-2014

- Local and system audio inputs with selectable priority
- Expansion to an unlimited number of zones

CRESCENDO™ VOLUME CONTROL

CRESCENDO™ Volume Control

A0125

- Digital volume control for P-2014 and P-2044
- Integrated IR Repeating System

CRESCENDO™ Volume Control

A0129

- 1-Zone Volume Control for the A0350 in-wall amplifier
- Integrated IR Repeating system

CRESCENDO™ IPOD DOCKS

On-Wall Dock for iPod

A0315

- Local source iPod Dock
- Charges iPod
- Use with A0350, P-2044 or P-2014

IR REMOTE CONTROL DIAGRAM

IR REMOTE CONTROL KITS

IR Repeater System All-in-One Kit

IR-5000

Easily connect the IR Repeater System All-in-One Kit - IR-5000 and control Home Theater A/V devices located behind closed cabinet doors.

IR Repeater Kit

IR-5010

Receiver can be 1000 feet from hub.

- 1 each: IR Receiver - IR-2400
- 1 each: IR Hub - IR-1203
- 2 each: Dual head IR emitter - IR-3002
- 12 V power supply

IR REMOTE CONTROL

IR Repeater Amplified Hub

IR-1203

- 4 IR emitter outputs

IR Repeater System Receiver

IR-2400

- Mini IR receiver head, desk top or bullet in 1 part
- Plasma, sunlight, LED proof

IR Repeater System Emitter

IR-3001

- Single IR - Emitter/Flasher

IR Repeater System Dual Emitter

IR-3002

- Holster holds flasher in place, move equipment without re-gluing on the equipment

IR Repeater Over Coax Engine

IR-4000

- Power 4 IR receivers with one power supply
- Maximum distance to IR Repeater emitters is 500ft.
- *Use IR-4101 Only

IR Repeater Over Coax Receiver

IR-4101

- Coax IR Repeater Receiver
- Compatible with: IR-4000, E2200IR, E4200IR, P-0321, and P-0328

IR Bypass Cable

IR-4180

- 3.5 to 3.5mm IR patch cable
- Use with audio stereo plug
- Use with IR over coax

J-Box IR Repeater Receiver

IR-2005

- Designed for use with single- or multi-room IR Repeater Systems (IR-2400 inside)
- Includes decorator style trim ring

IR Repeater Distribution Module

C-1201

- Combines signals from 8 IR Repeater Receivers
- Provides 1 simple output to your amplified IR repeater hub
- Mounts in Channel Vision's structured wire enclosures

IR Breakout Insert

G-IRB-W

- 3.5 mm plug for IR receivers or emitters
- 3-wire terminal connection
- Great for 3.5 mm audio to CAT5 conversion

IN-CEILING SPEAKERS - 10 YEAR WARRANTY

Builder Series 5.25" In-Ceiling Speaker

IC504

- 5.25" in-ceiling loudspeaker
- Polypropylene woofer with butyl rubber surround

Builder Series 6.5" In-Ceiling Speaker

IC608

- 6.5" in-ceiling loudspeaker
- High compliance polymer tweeter,
- Polypropylene woofer with butyl rubber surround

Soprano Series 5.25" In-Ceiling Speaker

IC514

- 5.25" High Performance 100W speaker
- Kevlar woofer with 1" pivoting tweeter

NEW Soprano Series 6.5" In-Ceiling Speaker

IC615

- 6.5" High Performance 120 watt Speaker
- 1" Ferrofluid Cooled Silk Dome Tweeter
- Ultra-thin bezel magnetically mounted grill

NEW Soprano Series 8" In-Ceiling Speaker

IC815

- High Performance 8" 150 watt Speaker
- 1" Ferrofluid Cooled Silk Dome Tweeter
- Ultra-thin bezel magnetically mounted grill

NEW Soprano Series 6.5" Angled In-Ceiling Speaker

IC626

- 6.5" High performance speaker
- 15° Angled woofer
- Ultra-thin bezel magnetically mounted grill

NEW Soprano Series 8" Angled In-Ceiling Speaker

IC825

- 8" High performance speaker
- Pivoting tweeter technology with 1" voice coil
- Ultra-thin bezel magnetically mounted grill

IN-WALL SPEAKERS

Builder Series 6.5" In-Wall Speaker

IW603

- 1/2" Polymer Tweeter
- Small perforated designer grill
- 3.7" Depth

NEW Soprano Series 6.5" In-Wall Speaker

IW615

- Pivoting 1" tweeter
- 6.5" butyl rubber surround with 20oz. magnet
- Ultra-thin bezel magnetically mounted grill

Soprano Series 8" In-Wall Speaker

IW814

- 8" high performance 120 Watt
- Pivoting 1" voice coil, enclosed, rare earth neodymium magnet
- 8" Kevlar, butyl rubber surround with 24oz. magnet

Soprano Series 6.5" LCR In-Wall Speaker

LCR625

- Dual 6.5" Mica filled polypropylene with Butyl rubber surround
- Pivoting 1" silk soft dome tweeter
- Home theater left, center, right

OUTDOOR SPEAKERS

Soprano Series 5.25" Outdoor Speaker

OS526

- Weather resistant aluminum grilles, brackets and stainless steel hardware
- UV protected cabinet resists sun fade
- 5.25" woofer with 20oz magnet
- 160 Watt

Soprano Series 6.5" Outdoor Speaker

OS611

- Weather resistant aluminum grilles, brackets and stainless steel hardware
- UV protected cabinet resists sun fade
- 6.5" woofer with 20oz magnet
- 200 Watt

Soprano Series 8" Outdoor Speaker

RS802-GR / RS801-SA

- 8" High Performance 160 Watt speaker
- Waterproof tweeter with 1" voice coil
- Polypropylene cone woofer with butyl rubber surround

WIRELESS AUDIO DISTRIBUTION

Wireless Audio Transmitter

WA-320: 1 Source to 1 Destination

WA-321: 1 Source to Many Destinations

- Wirelessly transmits audio up to 300' ft.
- Line-level and speaker level audio inputs
- 3.8 micro second latency, undetectable to the human ear
- 2.4GHz operating frequency offers clear, undistorted audio

Wireless Receiver with Amplifier

WA-350: 1 Destination from 1 Source

WA-351: Many Destinations from 1 Source

- Receive wireless audio from up to 300ft. away
- 100 Watt integrated class D amplifier
- Pre-amp audio outputs for easy connection to powered subwoofer
- Local audio input to override the wireless audio signal

Wireless Audio Transmitter

WA-360: 1 Destination from 1 Source

WA-361: Many Destinations from 1 Source

- Wirelessly receives audio up to 300ft.
- Standard Line-level audio outputs
- 3.8 micro second latency, undetectable to the human ear
- 2.4GHz operating frequency offers clear, undistorted audio
